**1922**

**D. N. Shoemaker.**

MAR 9 1922

**402-404 SOUTH FIRST STREET**  
**ABERDEEN, S. D.**

### PARCEL POST RATES

Applicable to seeds, bulbs, plants and merchandise (except poisons, which cannot be sent by mail.)

Parcel post rates are fixed according to zones, the greater the distance the higher the rate. Your postmaster will tell you the parcel post zone in which your postoffice is located, measuring from Aberdeen, S. D.

**PARCEL POST RATES**—The zone rates are as follows:

**First and Second Zone**—(up to 150 miles from Aberdeen,) 5c for the first pound and 1c for each additional pound.

**Third Zone**—(150 to 300 miles from Aberdeen,) 6c for the first pound; 2c for each additional pound.

**Fourth Zone**—(301 to 600 miles from Aberdeen,) 7c for the first pound; 4c for each additional pound.

**Fifth Zone**—(601 to 1,000 miles from Aberdeen,) 8c for the first pound; 6c for each additional pound.

**Sixth Zone**—(1,001 to 1,400 miles from Aberdeen,) 9c for the first pound; 8c for each additional pound.

**Seventh Zone**—(1,401 to 1,800 miles from Aberdeen,) 11c for the first pound; 10c for each additional pound.

**Eighth Zone**—(over 1,800 miles from Aberdeen,) 12c for each pound.

Parcel post packages must not exceed 70 pounds in weight for the first two zones, and 50 pounds for the other zones.

Parcels of seeds, bulbs, and plants weighing 8 ounces or less are mailable at the rate of 1c for every two ounces, regardless of distance; if weight is more than 8 ounces the pound rates apply.

## **WE SHIP BY FREIGHT**

We usually ship by freight unless otherwise instructed. We have four railroads here at Aberdeen—C. M. & St. P., C & N. W., Great Northern and M. & St. L. Customers pay freight or express on all goods unless they are offered postpaid.

## **OUR RESPONSIBILITY**

As this catalog will go into the hands of many who have never dealt with us, we kindly ask for a trial order from you, which shall have our best attention.

## **PREPAID STATIONS**

If there is no agent at your railroad station the freight has to be prepaid, and in such cases we must request you to send money with your order to cover the amount.

## **ORDER EARLY**

Do this for two reasons. We can give your order more careful and prompt attention if received before we get into the rush of the spring shipping, and second, our assortment is complete early in the season and your order will not be held while we write for permission to substitute for varieties that may be out.

## **CHANGE OF ADDRESS**

If you have changed your address, please let us know, and we will change it on our books, so you will receive our catalog at your new post office.

## **SEED WARRANTY**

Most of the failures with seeds are entirely beyond our control and they render it impossible for us to guarantee success, and, therefore, we want it plainly understood that while we exercise great care to have all seeds, plants and bulbs pure and reliable, and also true to name, we do not give any warranty, expressed or implied, as to description, quality, productiveness, or any other matter, of any goods which we send out, and we will not be responsible for the crop. If the purchaser does not accept the seeds, bulbs or plants on these conditions, notify us at once and we will give instructions for disposition of same, and the money that has been paid to us will be promptly refunded.

## **TERMS**

Our terms are cash with each order. Money may be sent at our risk by draft, Postoffice Money Order, or Registered Letter. Bill of lading for every freight shipment is mailed when shipment is made.

## **IN ORDERING**

Please use the inclosed order blank. To avoid mistakes do not write letters on same sheet as orders. Write the name and number of each variety plainly, so as to avoid errors. In filling orders we reserve the right, in case we are out of a variety ordered, to substitute another of equal merit, unless customer writes "No Substitution" in order.

## SWEET PEA SPECIALS

We specialize in Sweet Peas, carrying all varieties at all prices. A lower priced Sweet Pea does not mean an inferior grade, it merely means a smaller blossoming sweet pea. If the seed is sown early enough in the Spring it is not advisable to soak them as the ground contains plenty of moisture at that time.
